

Discover how to  
harness your  
signature strengths  
and thrive in a role  
that you love

Harrison Assessment provide a comprehensive overview of individual strengths and motivations, while also identifying possible de-railers that will interfere with performance and personal / professional satisfaction.

Based on extensive research and identification of role related competencies, Harrison Assessments enables you to take control of your career decisions, determine your development needs and make powerful career choices

Book a laser coaching session with Lily Murphy, Executive Coach to see if a Harrison Assessment is the right option for you.
